

MUHAMMED NOWFAL M FULL STACK WEB DEVELOPER

nowfal.dev@gmail.com | <https://nowfal.vercel.app> | Coimbatore, Tamil Nadu | +91 8610297319 |
<https://www.linkedin.com/in/muhammed-nowfal>

Professional Summary Aspiring MERN Stack Developer and Computer Science student with practical experience in building full-stack web applications. I have developed responsive, user-focused platforms, including real-world management systems and AI-based features. Known for quick learning, problem-solving, and delivering clean, reliable solutions. Looking for an opportunity to apply my project experience and grow as a software developer in a professional environment.

Education

B.Sc. Computer Science | Govt. Arts College (Autonomous), Coimbatore | 2023 – 2026

- CGPA: 7.987 / 10

HSC (Class XII) | ST.Michael's Hr Sec School, Coimbatore | 2023

- Percentage: 86%
-

Projects

- **Intelli-PDF A Personalised Intelligent Learning Platform (Live: intelli-pdf.vercel.app)**
 - Developed a full-stack AI learning platform using Next.js and MongoDB, utilizing RetrievalAugmented Generation (RAG) to enable real-time, context-aware conversations with PDF documents.
 - Integrated automated study tools like flashcard generation, quizzes, and summarization using Google Gemini AI, transforming static reading into an active and efficient learning experience.
 - **FTC - Finna Tuition Centre (Real world usage, Live: ftc-kappa.vercel.app)**
 - A MERN-based web application for managing student attendance, fee payments, bills and records efficiently.
 - Designed a user-friendly and responsive interface with real-time data updates to streamline operations for tuition centre administrators.
-
